

# RET DAYS

Robotics, Engineering,  
& Technology

December 2-3, 2015

Presented by Macomb Community College,  
in collaboration with Science, Technology,  
Engineering, and Mathematics (STEM) partners.

Learn about careers in robotics, engineering,  
and the technology that makes it happen!  
Here is just a sample of the great exhibits  
students will visit:

- Check out the latest trends in automotive technology
- Talk with leading experts in the fields of engineering and robotics as you participate in hands-on activities
- Interact with Underwater Remotely Operated Vehicles
- Experience 3D printing and automotive clay modeling
- Examine renewable energy technologies like biofuels, hydrogen fuel cells, and a student-designed solar trike
- Discover electric vehicles and participate in an EV race

Event is geared toward grades 6-12

Registration opens 10/1/15  
Registration closes 11/11/15

**Wednesday, December 2**  
8:30-11 am and 11:30am-2 pm

**Thursday, December 3**  
8:30-11 am and 11:30am-2 pm

**Macomb Community College**  
**South Campus**  
**Sports & Expo Center, P Building**  
14500 E. 12 Mile Road, Warren, MI 48088
